

Accident Insurance

Accidents can happen to anyone

No matter who you are, what you do or where you live, you could get hurt accidentally. It's just the nature of life.

And accidents can come with costs, such as emergency room fees, doctor's bills and the costs of missing work. Even if you have good health insurance, deductibles and co-pays can really add up after an accident. Would you have savings available to pay these costs?

But with accident insurance, you can receive money paid directly to you to help with all the expenses of a covered accident. So you can focus on what really matters: healing.

Every 10 minutes, nearly
847 Americans suffer an injury severe
enough to seek medical help.

National Safety Council, *Injury Facts*, 2019.

With accident insurance, you can be ready for the unexpected costs an injury can bring

Active families with children in sports are especially vulnerable to the rising costs of medical treatment for injuries.

But everyone, young or old, could suffer an accident at any time.

The three examples shown to the right are for illustrative purposes only. Benefits may vary. The certificate and policy have exclusions and limitations. For complete details, see your benefits counselor.

DANIEL

Daniel is 30, single, likes to read and enjoys watching TV. On his way to the bookstore, he had an automobile accident and broke two of his ribs.

How his accident policy helped:

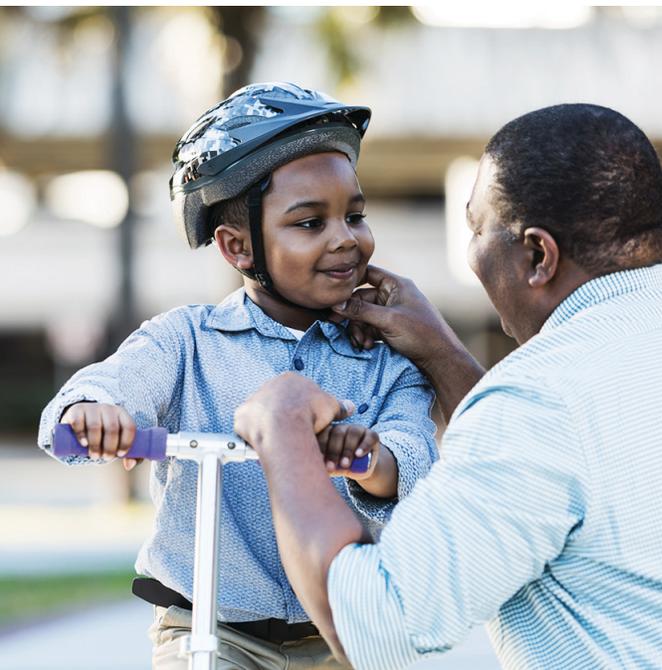

Daniel's benefit helped cover his out-of-pocket costs for emergency room treatment. He also used some of his benefit to rent a car while his was in the shop.

Every year, 47.2 million – about 1 in 7 – Americans seek medical help for injuries.

Accident coverage advantages

Whoever you are, whatever you do, an accident could be just around the corner. With accident insurance, you can be ready.

- A set amount is payable based on the injury you suffer and the treatment you receive.
- Benefits are payable directly to you (unless you specify otherwise) and can be used as you see fit.
- Coverage is available for you, your spouse and eligible dependent children.
- You do not need to answer medical questions or have a physical exam to get basic coverage.
- Accident insurance covers injuries that happen on-the-job or off-the-job, unlike workers' compensation, which only covers on-the-job injuries.
- Benefit payments are not reduced by any other insurance you may have with other companies.

THE TAYLOR FAMILY

The Taylors' two teenage kids, Isabella and Benjamin, both love sports. Isabella dislocated her ankle falling off her bike and needed treatment right away.

How their accident policy helped:

Isabella's care in the orthopedic clinic required a co-pay and co-insurance. Her benefit helped cover these, plus costs for X-rays, crutches and accident follow-up treatment.

ALEX AND KATHERINE

Now that they're empty-nesters, Alex and Katherine love to travel and camp in national parks. One night, Alex tripped over the logs for their campfire and broke his collarbone.

How their accident policy helped:

Alex used his benefit to cover his yearly deductible and co-pays for the surgery, hospital confinement and physical therapy he needed to get back in shape.

You can't predict when or where an accident will strike. But you can make sure you have a safety net of financial protection to help if an accidental injury occurs.

Accidents can happen anytime, anywhere — at home or at work, on the playground or on the road. Some of the most common injuries include:

- Broken bones
- Burns
- Concussions
- Lacerations
- Back or knee injuries
- Accidental injuries that send you to the Emergency Room, Urgent Care or a physician's office.

Paul Revere's Group Accident Insurance helps you fill some of the gaps caused by increasing deductibles, co-payments and out-of-pocket costs related to an accidental injury. With this coverage you may not need to use your savings or secure a loan to help pay those unexpected out-of-pocket expenses associated with a covered accident.

Here's how it works...

Imagine while cleaning the gutters, you fall from the ladder and break your leg.

These are out-of-pocket expenses you may encounter:

\$100	Emergency room copay
\$250	Deductible (copays do not count toward deductible)
\$35	Specialist visit copay – orthopedic physician
\$350	Specialist visit copay – occupational/physical therapy for 10 days

\$735 **Out-of-pocket expenses**

And here is a sample of benefits you may be eligible for with Paul Revere's Group Accident Insurance:

\$75	Accident Emergency Treatment
\$100	Accident Follow-up Physician Visit (\$50 per visit, up to 2 per accident)
\$50	Appliance (crutches)
\$500	Fracture (broken leg)
\$150	Occupational/Physical Therapy (\$15/day for 10 days)
\$20	X-Ray (for diagnosis of broken leg)

\$895 of benefits paid to you in addition to other coverage you may have with other insurance companies.

The claims example above is based on a covered person aged 41 who receives a complete fracture of the leg and requires non-surgical repair. The policy has exclusions and limitations. Costs of treatment and benefit amounts may vary.
